Frameworks	React.js, Angular, Next.js, Tailwind CSS
Tools	Figma, Adobe XD, Webpack, Vite, Git, Chrome DevTools
Testing	Jest, React Testing Library, Cypress
Backend (basic)	Node.js, REST APIs
Databases	Firebase, localStorage

WORK EXPERIENCE

Frontend Developer Intern — Meesho, Bengaluru

May 2024 – Jul 2024

- Developed 5 reusable React component library items used across 3 product teams.
- Reduced page load time by 35% by implementing lazy loading and code splitting.
- Collaborated with UX designers to implement pixel-perfect designs from Figma specifications.

PROJECTS

E-Commerce UI — ShopEase

- Built full React + Redux e-commerce frontend with product search, cart, and checkout flows.
- Integrated with a Node.js backend REST API. 98% Lighthouse performance score.

Portfolio Builder SaaS

- Developed drag-and-drop portfolio builder using React DnD and Tailwind CSS.
- Deployed on Vercel. 400+ active users since launch.

Real-time Chat App

- Built Angular + Firebase real-time chat with authentication, rooms, and file sharing.

CERTIFICATIONS

- Meta Frontend Developer Professional Certificate (Coursera, 2024)

- JavaScript Algorithms and Data Structures — freeCodeCamp (2023)
- Figma UI/UX Design Bootcamp (Udemy, 2023)
