CGPA: 8.4 / 10

PROFESSIONAL SUMMARY

Backend developer with strong expertise in Java, Spring Boot, and distributed systems. Built scalable REST APIs serving 100k+ requests. Experienced with PostgreSQL, Redis, Kafka, and Docker. 1 backend engineering internship.

EDUCATION

B.Tech — Computer Science and Engineering

2021 – 2025

VJTI, Mumbai University

TECHNICAL SKILLS

Languages	Java, Python, SQL, Go (basics)
Frameworks	Spring Boot, Spring Security, Hibernate, FastAPI
Databases	PostgreSQL, MySQL, Redis, MongoDB
Messaging	Apache Kafka, RabbitMQ
DevOps	Docker, Git, Maven, Gradle, Jenkins
Design	REST APIs, System Design, Microservices, Design Patterns

WORK EXPERIENCE

Backend Developer Intern — CRED, Bengaluru

Jun 2024 – Aug 2024

- Built RESTful APIs using Spring Boot handling 50k daily active users.
- Optimized database queries (PostgreSQL) reducing avg response time by 40%.
- Implemented Redis caching layer for frequently accessed data. Cache hit rate: 85%.

PROJECTS

Food Delivery Backend — QuickEats

- Designed and built microservices architecture with 6 services (auth, orders, payments, restaurant, delivery, notifications).
- Implemented JWT authentication, rate limiting, and circuit breakers using Resilience4j.

Real-time Chat — Kafka + WebSockets

- Built pub/sub chat system using Apache Kafka and WebSockets supporting 1000 concurrent users.
- Deployed on Docker Compose with automatic failover configuration.

URL Shortener with Analytics

- Built TinyURL clone with click tracking, geo analytics, and custom aliases using Spring Boot + Redis.

CERTIFICATIONS

- Oracle Certified Java SE 11 Developer (2024)
- Spring Professional — VMware (2024)
- System Design Fundamentals — Educative.io (2023)
